- ✓ Obsolete – available to stock on hand.  
 † Exact replacement for Carrier HK27A434.  
 ■ Uni-Kit contains a 30-110 adaptor "T" valve.  
 ★ See bottom of page D81.

## ADAPTOR FITTINGS

**30-110**

Adaptor has 1/4" SAE male flare and 1/4" SAE female flare threads. Adapts a Style 1 pressure port to existing service fitting without having to recharge the system.

**30-111**

Adaptor has 1/4" SAE male flare x 1/4" and 9/32" steps to fit 1/4" and 9/32" inside diameter tubing. Used to convert a Style 1 pressure port to a Style 2, 3, 4 or 9 pressure port.
