

## ASTRODIAL SUNTRACKER™

Paragon AstroDial SunTracker™ is a smart time control that knows the rise and fall of the sun. A special 24-hour switch adjusts the ON/OFF schedule based on sunrise and sunset. These timers turn OFF at a fixed time each night and come with additional scheduling program features. AstroDial SunTracker™ combines the precision of algorithms with the convenience of nature.

### FEATURES

- **Automatic Daylight Saving Time and Leap Year Adjustment**  
Timers automatically adjust to date changes and seasonal variations by tracking sunrise and sunset.
- **Reduce Energy Consumption** Automatic ON/OFF decreases energy costs.
- **Eliminate Batteries** Battery-free carry-over protection saves time and money.
- **User-Friendly Programming** A 5-key hand-held programmer makes it easy to schedule ON/OFF events, and only authorized personnel can access it for enhanced security.
- **Tamper-Resistant Design** There are no actual programming buttons on the unit, and the enclosure is tamper-proof as well.
- **Suitable for Outdoor Use** Available in NEMA 3R non-metallic enclosure.

## EC365DST1

- 1 SPST relay
- 7 days of carry-over protection without the need for batteries
- Available in single-pole switch type
- 30 amp relay and 6 amp ballast can switch larger lighting loads
- Easily-installed load controller has no programming buttons for tamper resistance
- Hand-held programmer allows fast, consistent program installation and adjustment
- Unit dimensions are 6-1/2" W x 9" H x 3-7/8" D

## EC365DST2

- 1 DPST relay
- 7 days of battery-free carry-over protection
- Hand-held programmer is used to set and adjust schedule
- 40 amp relay and 20 amp ballast can switch larger lighting loads
- Unit dimensions are 6-1/2" W x 9" H x 3-7/8" D

## EC365HPDST

SOLD SEPARATELY

- Use with EC365DST1 and EC365DST2
- Hand-held programmer can operate multiple clocks
- Device automatically stores program
- Power supplied by a 9-volt battery
- Tamper resistant so only authorized personnel can access program
- Secure the schedule and edits with HPDST/MOD Key. Key available as spare part.
- Dimensions are 4" W x 5" H x 2" D
